

School Report

Assessments of Reading, Writing and Mathematics
Primary Division (Grades 1–3) and Junior Division (Grades 4–6), 2009–2010

School: West Rouge Jr. PS (597686)
Board: Toronto DSB (66052)

I am pleased to provide you with this report on the Assessments of Reading, Writing and Mathematics, Primary Division (Grades 1–3) and Junior Division (Grades 4–6), 2009–2010. Included are student results for the current year and previous years, which allow school communities to track progress over time. This report also provides demographic and attitudinal information about the student populations that were assessed, in order to help put these results in context.

EQAO’s assessments measure the achievement of all students in Ontario’s publicly funded schools at important stages in their education. One of the assessments’ key strengths is the fact that they assess every student against the learning expectations outlined in *The Ontario Curriculum* and report on achievement in relation to the provincial standard. After an exhaustive review of the provincial testing program in 2009, the Auditor General of Ontario confirmed that EQAO assessments reflect curriculum expectations fairly and accurately, are consistent in difficulty from one year to the next and are administered and marked so as to ensure that their results are valid, consistent and reliable indicators of student achievement. The Auditor General’s conclusions highlight how EQAO test results help teachers and administrators to identify large-scale challenges in literacy and math and focus their attention where it’s needed most.

Since the inception of the provincial testing program in 1996, EQAO data have helped inform teaching practices, and they continue to serve as a catalyst for improving student achievement all across Ontario. This report is intended to help you foster constructive conversations about student achievement and assist you in the planning of improvement strategies.

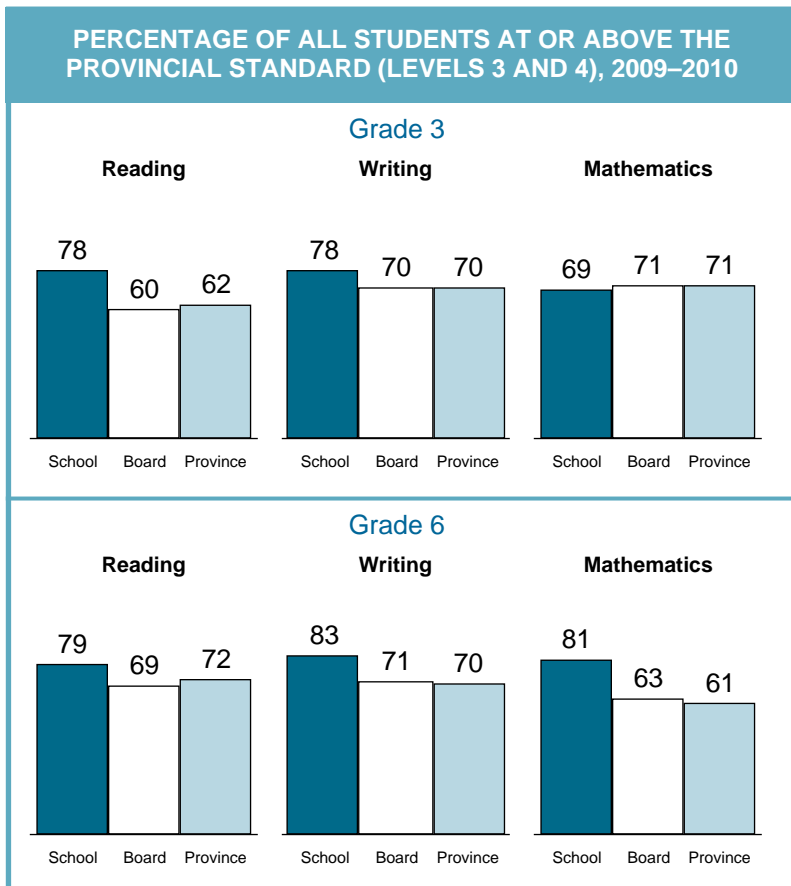

Of course, it should be remembered that EQAO’s assessment results are just one piece of information about student achievement. That is why they should be considered along with other school-based information. Regular assessments conducted in the classroom remain the fundamental method of assessing and supporting students throughout their education.

I trust that this report will help parents, educators and all who are committed to a strong public education system to work together so that all students realize their full potential.

Sincerely,

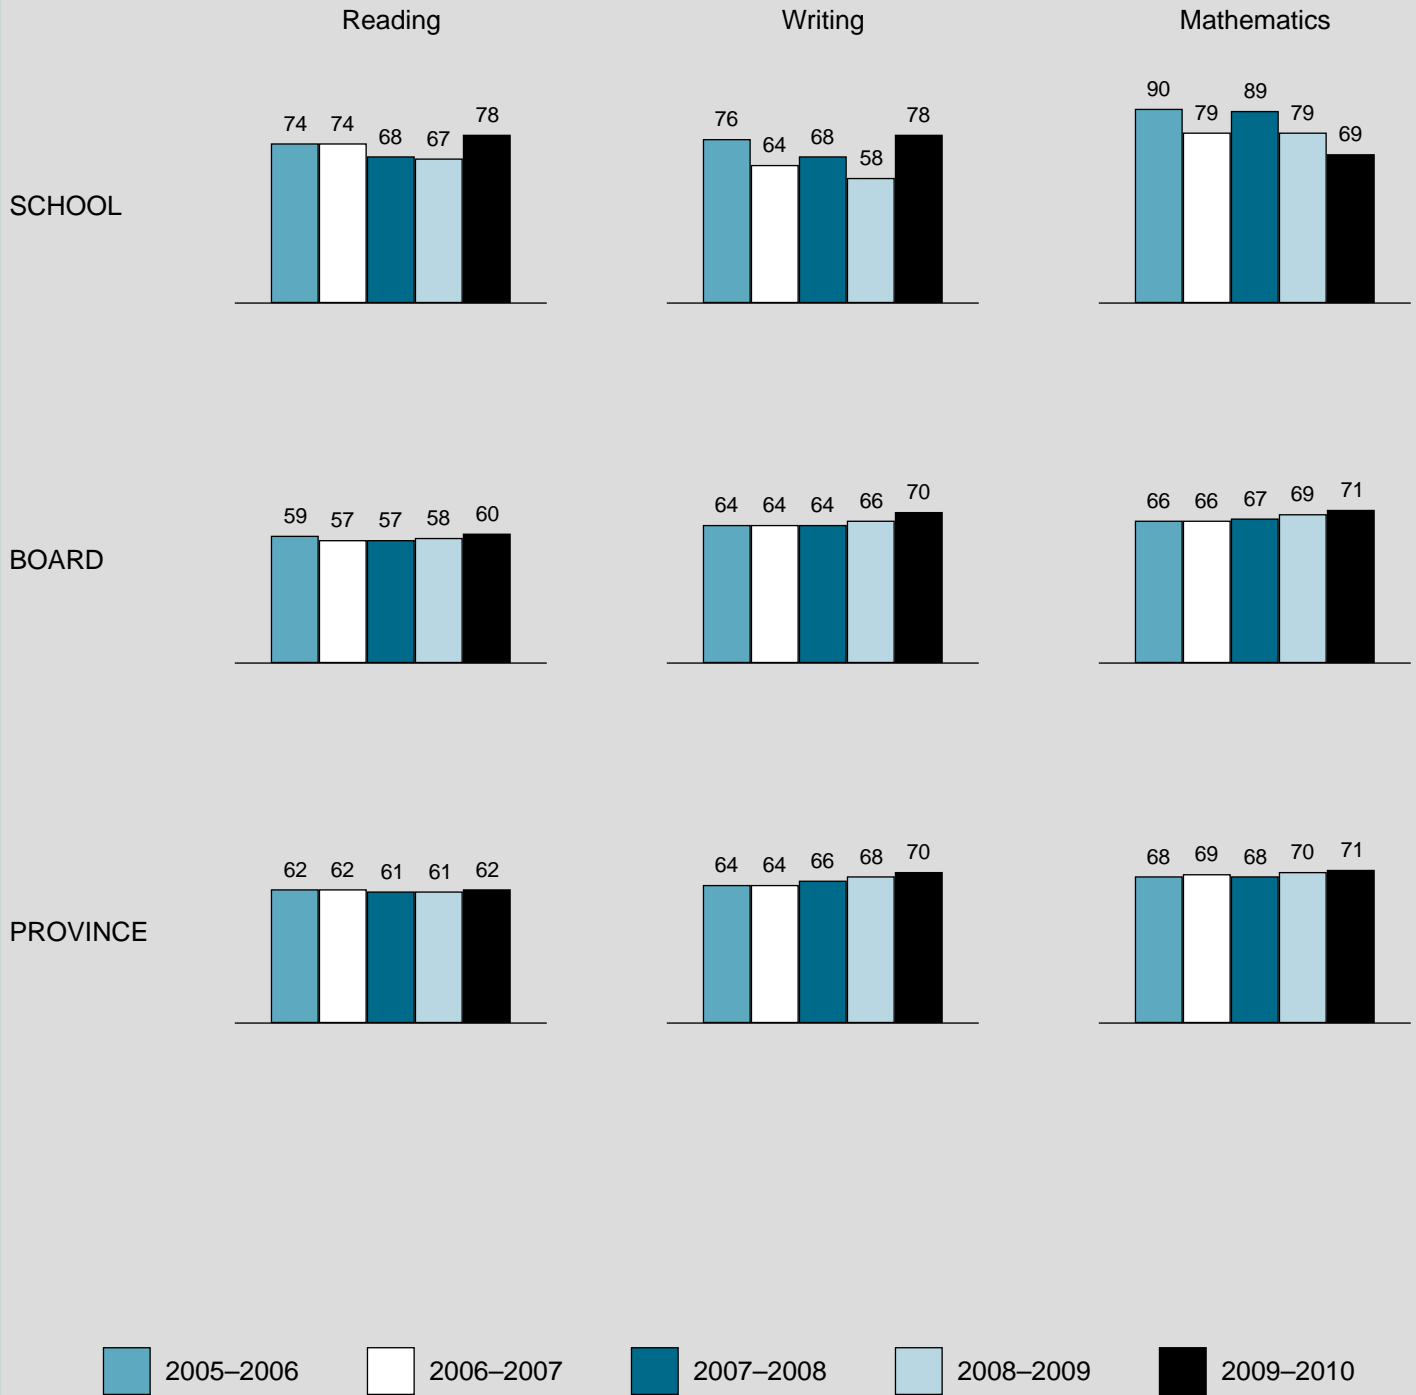

Marguerite Jackson
 Chief Executive Officer
 Education Quality and Accountability Office

TIPS

Each school or board is unique. To appreciate the distinctive character of a school or board, look at the contextual information to understand the features and characteristics of the community it serves.

Every assessment captures the performance of students at one point in time each year. Consider the results along with other information about students' achievement in reading, writing and mathematics.

Exercise caution when interpreting results for small schools or boards. Results may vary considerably from year to year, and differences may look exaggerated. For example, in a school of 20 students, a difference of 10% represents only two students.

Trends may be difficult to identify or to interpret. This is especially true in small schools or boards, or in schools where there is a high turnover in the student population.

EQAO values students' privacy. Results are not reported publicly for schools where fewer than 15 students participated, because it might be possible to identify individual students.

ABOUT THIS SCHOOL OR BOARD REPORT

This report shows how well students have met curriculum expectations to the end of the Primary Division and the end of the Junior Division. Students complete a set of test booklets that allow them to show what they have learned in reading, writing and mathematics. The assessments are based on *The Ontario Curriculum*.

This report includes

- ◆ results for this year
- ◆ a comparison of results over the past four years to aid in monitoring improvement
- ◆ information about the characteristics of the students who participated
- ◆ summary graphs showing the percentage of students achieving the provincial standard in reading, writing and mathematics
- ◆ detailed tables and graphs showing results for all levels of achievement, results for gender and participation information
- ◆ student questionnaire results
- ◆ an explanation of all terms used in this report.

HOW TO USE THIS REPORT

- ◆ Examine the contextual information to understand the similarities and differences between the school, the board and the province; the board and the province. Consider the challenges that any differences might present.
- ◆ Examine the results for reading, writing and mathematics.
 - Are these results consistent with what you would expect?
 - How do the school results compare to the board and the province; the board results compare to the province?
 - How do these results compare over time?
 - What influence might students' attitudes have on student performance (refer to the questionnaire results)?
- ◆ Speak to school or board staff about the goals for school improvement related to reading, writing and mathematics.

The Education Quality and Accountability Office is an independent agency that gathers information about student achievement through province-wide assessments. Each year, all Grade 3 and Grade 6 students across Ontario take part in these assessments of reading, writing and mathematics. Individual results are reported to students and to parents and guardians. School, board and provincial results are released publicly.

Assessments of Reading, Writing and Mathematics, Primary and Junior Divisions, 2009–2010

STUDENT QUESTIONNAIRE RESULTS FOR SCHOOL: GRADE 3 (# = 36)

Note: In 2009–2010 the focus of some questions was on mathematics; in 2010–2011 the focus will be on reading and writing.

STUDENT ENGAGEMENT

How do you feel about mathematics? Percentage of Students* Number of students who answered "most of the time"

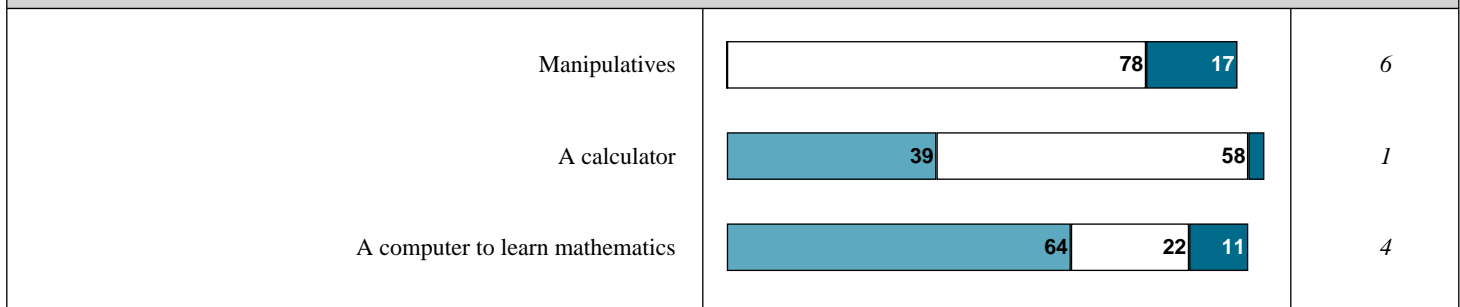

COGNITIVE STRATEGIES

How often do you do the following when you are working on a mathematics problem?

INSTRUCTIONAL TOOLS

How often do you use the following during mathematics activities at school?

* Percentages may not add to 100, due to a lack of or ambiguous responses. Where there is no number in a bar, the percentage of responses is smaller than four.

Assessments of Reading, Writing and Mathematics, Primary and Junior Divisions, 2009–2010

STUDENT QUESTIONNAIRE RESULTS FOR SCHOOL: GRADE 3 (# = 36)
 Note: In 2009–2010 the focus of some questions was on mathematics; in 2010–2011 the focus will be on reading and writing.

READING OUTSIDE SCHOOL
 How often do you read the following when you are not at school? Percentage of Students* Number of students who answered "every day or almost every day"

OUT-OF-SCHOOL ACTIVITIES
 How often do you do the following when you are not at school?

PARENTAL ENGAGEMENT
 How often do you and a parent, a guardian or another adult who lives with you do the following?

* Percentages may not add to 100, due to a lack of or ambiguous responses. Where there is no number in a bar, the percentage of responses is smaller than four.

Assessments of Reading, Writing and Mathematics, Primary and Junior Divisions, 2009–2010

* Percentages may not add to 100, due to a lack of or ambiguous responses. Where there is no number in a bar, the percentage of responses is smaller than four.

Assessments of Reading, Writing and Mathematics, Primary and Junior Divisions, 2009–2010

GRADE 3: STUDENT QUESTIONNAIRE RESULTS FOR SCHOOL, BOARD AND PROVINCE (all students, female, male) Note: In 2009–2010 the focus of some questions was on mathematics; in 2010–2011 the focus will be on reading and writing.	School			Board			Province		
	All Students (# = 36)	Female* (# = 21)	Male* (# = 15)	All Students (# = 15 886)	Female* (# = 7 852)	Male* (# = 8 034)	All Students (# = 123 025)	Female* (# = 60 511)	Male* (# = 62 514)
STUDENT ENGAGEMENT IN MATHEMATICS									
Percentage of students who answered “most of the time”†									
I like mathematics.	39%	43%	33%	54%	52%	56%	50%	49%	51%
I am good at mathematics.	58%	57%	60%	47%	43%	51%	49%	47%	51%
I am able to answer difficult mathematics questions.	31%	19%	47%	26%	23%	30%	26%	23%	29%
I try to do my best when I do mathematics activities in class.	86%	95%	73%	85%	87%	83%	87%	90%	85%
COGNITIVE STRATEGIES USED IN MATHEMATICS									
Percentage of students who answered “most of the time”†									
I read over the whole problem first to make sure I know what I am supposed to do.	69%	76%	60%	70%	75%	66%	70%	75%	65%
I ask for help if I do not understand the problem.	47%	52%	40%	43%	47%	38%	46%	51%	42%
I think about the steps I will use to solve the problem.	39%	38%	40%	49%	49%	48%	48%	49%	47%
I check my work for mistakes.	39%	38%	40%	51%	55%	48%	50%	54%	45%
I check my answer to see if it makes sense.	61%	62%	60%	60%	64%	56%	60%	64%	56%
INSTRUCTIONAL TOOLS USED IN MATHEMATICS									
Percentage of students who answered “most of the time”†									
Manipulatives	17%	19%	13%	24%	25%	22%	24%	26%	23%
A calculator	3%	5%	0%	9%	9%	9%	11%	10%	11%
A computer to learn mathematics	11%	14%	7%	14%	15%	14%	16%	16%	16%
READING OUTSIDE SCHOOL									
Percentage of students who answered “every day or almost every day”‡									
Stories or novels	42%	52%	27%	49%	55%	44%	47%	54%	41%
Comics or graphic novels	11%	14%	7%	22%	17%	28%	21%	15%	27%
Books, newspapers, magazines or websites for information	14%	14%	13%	28%	31%	26%	27%	30%	25%
E-mails, text or instant messages	8%	10%	7%	15%	15%	15%	17%	17%	16%
Other things	25%	33%	13%	45%	47%	43%	45%	47%	43%

* Only includes students for whom gender data were available.

† Other response options were “never” and “sometimes.”

‡ Other response options were “never,” “1 or 2 times a month” and “1 to 3 times a week.”

Assessments of Reading, Writing and Mathematics, Primary and Junior Divisions, 2009–2010

GRADE 3: STUDENT QUESTIONNAIRE RESULTS FOR SCHOOL, BOARD AND PROVINCE (all students, female, male) Note: In 2009–2010 the focus of some questions was on mathematics; in 2010–2011 the focus will be on reading and writing.	School			Board			Province

† Percentages may not add to 100, due to a lack of or ambiguous responses.

Assessments of Reading, Writing and Mathematics, Primary and Junior Divisions, 2009–2010

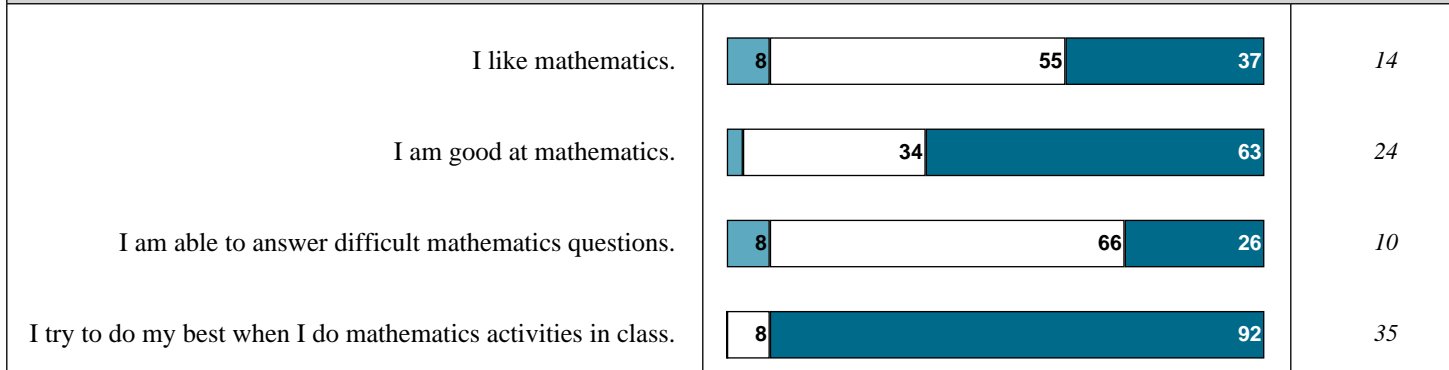

STUDENT QUESTIONNAIRE RESULTS FOR SCHOOL: GRADE 6 (# = 38)

Note: In 2009–2010 the focus of some questions was on mathematics; in 2010–2011 the focus will be on reading and writing.

STUDENT ENGAGEMENT

How do you feel about mathematics? Percentage of Students* Number of students who answered "most of the time"

COGNITIVE STRATEGIES

How often do you do the following when you are working on a mathematics problem?

INSTRUCTIONAL TOOLS

How often do you use the following during mathematics activities at school?

* Percentages may not add to 100, due to a lack of or ambiguous responses. Where there is no number in a bar, the percentage of responses is smaller than four.

Assessments of Reading, Writing and Mathematics, Primary and Junior Divisions, 2009–2010

STUDENT QUESTIONNAIRE RESULTS FOR SCHOOL: GRADE 6 (# = 38)
 Note: In 2009–2010 the focus of some questions was on mathematics; in 2010–2011 the focus will be on reading and writing.

READING OUTSIDE SCHOOL
 How often do you read the following when you are not at school? Percentage of Students* Number of students who answered "every day or almost every day"

OUT-OF-SCHOOL ACTIVITIES
 How often do you do the following when you are not at school?

PARENTAL ENGAGEMENT
 How often do you and a parent, a guardian or another adult who lives with you do the following?

* Percentages may not add to 100, due to a lack of or ambiguous responses. Where there is no number in a bar, the percentage of responses is smaller than four.

Assessments of Reading, Writing and Mathematics, Primary and Junior Divisions, 2009–2010

STUDENT QUESTIONNAIRE RESULTS FOR SCHOOL: GRADE 6 (# = 38)

Note: In 2009–2010 the focus of some questions was on mathematics; in 2010–2011 the focus will be on reading and writing.

SCREEN TIME		Percentage of Students*		Number of students who answered "about 3 hours" or "more than 3 hours"		
How many hours do you usually do the following on a school day?						
Before School	Watching TV.	53	47	0		
	Playing video games.	95	5	0		
	Using the Internet.	79	21	0		
After School	Watching TV.	5	45	29	21	8
	Playing video games.	34	53	11		4
	Using the Internet.	11	55	18	16	6

LANGUAGES SPOKEN		Percentage of Students*		Number of students who answered "only English" or "mostly English"	
Languages student speaks at home		87	8	5	33
Languages in which people speak to student at home		82	11	8	31

SCHOOLS ATTENDED		Percentage of Students*		Number of students
How many schools did you attend before this one?				
Only this school		68		26
1 other school		24		9
2 other schools		5		2
3 other schools		3		1
4 other schools or more		0		0

* Percentages may not add to 100, due to a lack of or ambiguous responses. Where there is no number in a bar, the percentage of responses is smaller than four.

Assessments of Reading, Writing and Mathematics, Primary and Junior Divisions, 2009–2010

EXPLANATION OF TERMS

All Students	Results are reported for all students in the grade.
Participating Students	Results are reported only for those students who took part in the assessment (excludes "no data" and "exempt" categories).
Provincial Standard	The Ministry of Education has set Level 3 as the provincial standard.
Level 4	The student has demonstrated the required knowledge and skills. Achievement surpasses the provincial standard.
Level 3	The student has demonstrated most of the required knowledge and skills. Achievement is at the provincial standard.
Level 2	The student has demonstrated some of the required knowledge and skills. Achievement approaches the provincial standard.
Level 1	The student has demonstrated some of the required knowledge and skills in limited ways. Achievement falls much below the provincial standard.
NE1	"Not enough evidence for Level 1" is used when students did not demonstrate enough evidence of knowledge and understanding to be assigned Level 1.
No Data	Students who did not complete any part of the assessment due to absence or for medical or other reasons.
Exempt	Students who were formally exempted from participation in one or more components of the assessment.
English Language Learners	Students who have been identified by the school in accordance with <i>English Language Learners: ESL and ELD Programs and Services: Policies and Procedures for Ontario Elementary and Secondary Schools, Kindergarten to Grade 12</i> (2007). Prior to 2007, English language learners were called English as a second language (ESL)/English literacy development (ELD) learners.
English Language Learners Receiving a Special Provision	English language learners identified by the school as receiving a special provision. Detailed information about special provisions is available in EQAO's <i>Guide for Accommodations, Special Provisions and Exemptions</i> .
Students with Special Education Needs (excluding gifted)	Students who have been formally identified by an Identification, Placement and Review Committee, as well as students who have an Individual Education Plan. Students identified as gifted are not included.
Students Receiving One or More Accommodations	Students identified by the school as receiving accommodations. Detailed information about accommodations is available in EQAO's <i>Guide for Accommodations, Special Provisions and Exemptions</i> .
N/R	"Not reported" indicates that the number of students participating (fewer than 15 in a group) or responding to the Student Questionnaire is so small (fewer than six in a group) that identification of individual student results might be possible; therefore, results are not reported.
N/D	"No data available" is used to indicate that there were no students in the grade or subject for the group or year specified.
W	Results for some or all students are being withheld by EQAO. For further information, please contact the school principal.
